

1. Scope & Acceptance

This Policy applies to personal data processing through:

- GAEA Official Website (aigaea.net) and subdomains
- GAEA Services: **EMOCOORDS AI**, Node Network, Soul NFTs, and DePIN tools

By using our Services, you consent to the data practices described herein.

2.Data We Collect & Why

A. User-Provided Data

Category	Purpose	Legal Basis
Wallet Addresses	On-chain identity verification	Contract Performance
Emotional Training Data (e.g., voice/text logs)	Train AI empathy models	Explicit Consent
Soul Points & NFT Metadata	Reward distribution & governance	Legitimate Interests
KYC Data (if applicable)	Anti-fraud compliance	Legal Obligation

B. Automatically Collected Data

- **DePIN Node Metrics:** Resource usage, uptime (for reward calculations)
- **EMOCOORDS Interaction Logs:** Session content, emotion labels (anonymized)
- **Blockchain Analytics:** Public wallet transaction history

C. Special-Category Data

Emotional/biometric data (e.g., heart rate from wearables) requires explicit consent. Users may revoke processing via [Dashboard Settings].

3. Data Sharing & Transparency

Data is shared only under strict safeguards:

Recipient	Purpose	Protection Measures
AI Training Nodes (federated learning)	Model optimization	Zero-Knowledge Proofs (ZKP)
Blockchain Validators	Transaction processing	Public ledger immutability
Law Enforcement	Legal compliance	Court-ordered disclosure

We never sell raw emotional data to third parties.

Anonymized aggregated insights may be licensed for research

4. International Data Transfers

Data may be processed globally via decentralized nodes. Transfers outside EU/UK are protected by:

- EU Standard Contractual Clauses (SCCs)
- On-chain encryption (IPFS + zk-SNARKs)

5. Your Rights

As a data subject, you may:

- Access your emotional data profiles
- Correct inaccuracies in Soul Point records
- Request erasure of non-essential data
- Object to reward profiling mechanisms
- Export data via [GAEA Data Portal](https://data.gaea.net)

Submit requests to: **aigaea3@gaea.net** (Response within 30 days)

6. Security & Data Retention

Protection Measures

- End-to-end encryption for sensitive data
- Multi-signature wallets for treasury management
- Annual penetration testing by top-tier security firms

Retention Periods

Data Type	Retention Period
Emotional Training Logs	90 days (then anonymized)
Wallet Activity Records	Immutably stored on blockchain
KYC Documents	Deleted after 12 months of inactivity

7.Children's Privacy

Services **prohibited for users under 18**. We actively screen and delete underage accounts.

8. Policy Updates

Material changes will be notified via:

- Email to registered users
- On-chain announcements
